Dear Mr. Rodriguez:

This is to advise you that we are planning to begin Mechanical Integrity Tests (MITs) on 9 of our Brine Wells, beginning within the next week. We estimate the testing will take approximately 6 weeks to complete. Testing is being conducted, pursuant to Paragraph 3 of Section H of UIC Permit # NYU063860. We understand that testing should have been completed by the end of September and early October; however, we are asking you to approve our proposed schedule for completion.

Wells being tested are #s 47, 48, 50, 51, 55, 56, 60, 61 & 62.

If you have any questions or need any additional information, please do not hesitate to contact me.

Sincerely,

A handwritten signature in black ink that reads 'Robert Traver'. The signature is written in a cursive style with a long horizontal line extending from the end.
